

Sandvik initiates cooperation with leading Japanese manufacturer of products to the mining and construction industries

Sandvik's Mining and Construction business area has reached an agreement with Furukawa Co. Ltd in Tokyo, Japan, regarding products exchanges of rock-drilling and demolition tools and certain production cooperation. The intention in a first step is to be able to offer locally manufactured products in Japan and to supplement the existing product program. In addition to this, the two companies will define other areas for continued cooperation.

Furukawa Co. Ltd has annual sales of about SEK 11,000 M, with 2,900 employees. The company is a leader in Japan in mining and construction equipment, metals and electronic materials.
