

## **Press Release**

**Uppsala, Sweden, 2 December 2002**

### **Gyros AB continues expansion, opens German sales office.**

Gyros AB today announced the appointment of Dr. Winfried Girg as Sales Manager for the Company's new Munich-based subsidiary. This local sales organization will support clients based in Germany and Austria and is the next step in the Company's expansion throughout Europe.

Dr. Girg comes from a highly successful career in sales and marketing within Biacore AB, a leading supplier to medical and life science laboratories.

"The German-speaking region represents one of the largest life science markets in Europe." explained Per Sjoberg, Executive Vice President Commercial Operations at Gyros AB, "Dr. Girg's experience and detailed knowledge of this area will be invaluable for a successful introduction of our products and technology platform into this market. Gyros has subsidiaries in the UK and the USA and we recently announced agreements with well-established distributors in BeNeLux and Switzerland. Together with our coverage of these other key regions, we are now well-prepared for continued development and expansion of our product portfolio."

Dr. Girg can be contacted at Gyros DE GmbH, Terminalstr. Mitte 18, 85356 München, Deutschland, Tel.: 0049(0)89-97007-266 Fax: 0049(0)89-97007-200.

### **About Gyros AB**

Gyros miniaturizes and integrates laboratory applications, enabling scientists to generate more information from less sample and to improve lab performance. Using our proprietary technology platform, we increase productivity by streamlining the many steps of conventional applications into single, nanoliter scale procedures. Optimal environments are created for each application.

A Gyrolab microlaboratory, in the form of a compact disk, can process hundreds of samples in parallel, under the control of Gyrolab Workstation. Our company will realize the full potential of the Gyros technology platform in the fields of drug discovery and diagnostics. Initial product offerings are focused towards the growing area of proteomics. Gyros has more than 90 employees working at its headquarters in Uppsala Science Park, Sweden and in sales offices in the USA and Europe.
