CSC chosen to deliver a charging solution for MMS to Tele2 utilising the MediationZone™ software

Stockholm 17th of February, 2003 – Computer Sciences Corporation (NYSE: CSC) has been selected by the leading Swedish operator, Tele2 Sverige AB, to extend the existing mediation solution based on the MediationZone™ product from Digital Route to also include support for MMS (Multimedia Messaging Service). The platform was successfully implemented earlier this year in a joint effort by CSC and Digitalroute and allows Tele2 to bill for content services provided by 3rd party content providers. The extended platform enables real-time charging and customer validation for MMS for both pre-paid and post-paid customers.

About Tele2 AB

Tele2, formed in 1993, is the leading alternative pan-European telecommunications company offering fixed and mobile telephony, data network and Internet services under the brands Tele2, Tango and Comviq to more than 16.8 million people in 21 countries. The Company is listed on the Stockholmsbörsen, under TEL2A and TEL2B, and on the Nasdaq Stock Market under TLTOA and TLTOB.

About CSC

Founded in 1959, Computer Sciences Corporation is one of the world's leading information technology (IT) services companies. CSC's mission is to provide customers in industry and government with solutions crafted to meet their specific challenges and enable them to profit from the advanced use of technology.

With nearly 64,000 employees, CSC provides innovative solutions for customers around the world by applying leading technologies and CSC's own advanced capabilities. These include systems design and integration; IT and business process outsourcing; applications software development; Web and application hosting; and management consulting. Headquartered in El Segundo, Calif., CSC reported revenue of \$11.3 billion for the 12 months ended Dec. 27, 2002. For more information, visit the company's Web site at www.csc.com.

About Digital Route AB

Founded in 2000, Digital Route is a privately held, independent software vendor headquartered in Stockholm, Sweden. Digital Route was founded on the vision of revolutionizing the market for mediation systems, and to provide a system that is able to meet the complex, and in many cases, uncertain needs of a next generation operator, while simultaneously reducing the complexity and expense of operating and maintaining the system. More information can be found at www.digitalroute.com.
