Cautionary Statement

This press release contains certain forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995, which, by their nature, involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements.

About Biacore

Biacore is a global market leader in Surface Plasmon Resonance (SPR) technology based systems with its own sales operations in the U.S., across Europe, Japan, Australia and New Zealand. A strong patent portfolio protects Biacore's SPR technology, which gives unique real-time insights into biomolecular interactions. Target groups for the Company's products consist primarily of medical and life science research laboratories and pharmaceutical and biotechnology companies around the world. Biacore is focusing on drug discovery and development as its prime areas for future growth. The Company currently has eight systems on the market, the most important of which are: Biacore®S51 for applications downstream of high-throughput screening (HTS) including rapid characterization of HTS hits and comprehensive pre-clinical evaluation of lead compounds, Biacore®3000, which offers flexibility in key life science research and drug discovery applications upstream of HTS, and its recently introduced cell-based system for pharmacological profiling, Procel™. Biacore®C is specifically designed for compliant concentration analysis of biopharmaceuticals in GLP/GMP applications. A new SPR array chip system, which will provide higher information content, is expected to reach the market in 2004.

Based in Uppsala, Sweden, the Company is listed on Stockholmsbörsen and Nasdaq in the U.S. In 2002 the Company had sales of SEK 614.2 million and an operating income of SEK 140.6 million.

- 11. Election of Board directors and deputy Board directors
- 12. Appointment of members of a nomination committee
- 13. Resolution as to the Board's proposal on issue of a debenture with subscription rights for new shares and approval of employee options etc.

Item 8b – Dividends

The Board proposes that SEK 3 per share be distributed to the shareholders.

The Board proposes that 13 May 2003 be the record date for distribution. If the proposal is adopted by the meeting, it is estimated that dividends will be distributed on 16 May 2003.

Items 9, 10 and 11 – Number of Board directors, remuneration and election of Board directors

The company's nomination committee proposes (i) that the number of Board directors, elected by the General Meeting of Shareholders, shall be eight ordinary directors with no deputy directors, (ii) that ordinary directors Lars-Göran Andrén, Gordon Edge, Tom Erixon, Ulf Jönsson, Magnus Lundberg, Donald R. Parfet, Mats Pettersson and Marc van Regenmortel be re-elected, and (iii) that the Board directors receive remuneration amounting to SEK 1,750,000 to be distributed among the directors elected by the General Meeting of Shareholders as determined by the Board.

Shareholders representing app. 48.7 % of the total number of votes in the company have notified that they will vote for the nomination committee's proposal in these items 9, 10 and 11.

Item 12 – Appointment of members of the nomination committee

- The nomination committee proposes that the General Meeting of Shareholders authorises the chairman of the Board to convene representatives of at least the three largest owners of the company, who are not directors of the Board, to be members of the nomination committee together with the chairman of the Board for the time until the next Annual General Meeting of Shareholders. The composition of the committee before the election of the Board in 2004 will be announced in connection with the publication of the company's interim report for the third quarter of 2003. The nomination committee will receive no remuneration.

Shareholders representing app. 48.7 % of the total number of votes in the company have announced that they intend to vote for the nomination committee's proposal in this item 12.

- The Swedish Shareholders' Association (*Sw: Sveriges Aktiesparares Riksförbund*) proposes that the nomination committee be appointed by the General Meeting of Shareholders and that it consists of members independent of the company who represent the company's owners at the General Meeting of Shareholders. A representative of the minority shareholders should be part of the committee.

Item 13 – The Board’s proposal on issue of debenture with subscription rights for new shares and approval of employee options etc.

(a) Decision on issue of debenture with subscription rights for new shares

The Board proposes that the General Meeting of Shareholders decides that the company shall issue a debenture, with a nominal value of SEK 1,000, with a total of 100,000 detachable subscription rights for subscription of new shares in the company. The debenture with its attached subscription rights shall be issued mainly on the following terms:

With deviation from the shareholders’ preferential rights, a wholly owned subsidiary to the company (the “Subsidiary”) shall have the right to subscribe for the debenture. Subscription and payment shall take place no later than 15 May 2003. The debenture shall carry an annual interest of three per cent and is due for payment on 31 August 2003. The price for the debenture shall be equivalent to its nominal value.

Each subscription right gives the holder the right to subscribe for one share, with a nominal value of SEK 10, in the company during the period 16 May 2003, or the later date when the Patent and Registration Office (*Sw: Patent- och registreringsverket*) registers the issue, to 31 May 2008 (allotted employee options, however, can only be exercised gradually, see section (b) below). The subscription price shall be equivalent to 100 per cent of the average last price paid for the company’s shares listed on the Stockholm Exchange during the period 30 April 2003 to 15 May 2003.

The subscription rights shall be immediately detachable from the debenture. The Subsidiary shall utilize the subscription rights as stated below in section (b).

The increase of the company’s share capital will amount to SEK 1,000,000 if all the subscription rights are exercised. The increase corresponds to a dilution of app. 1 per cent (app. 8.8 per cent totally together with the incentive programs decided in 2000, 2001 and 2002) of the share capital and of the votes (calculated on the current share capital).

The reason for deviation from the shareholders’ preferential rights is that the Board wishes to promote the long-term financial development of the company by offering employees of the Biacore group an incentive program which supplements the incentive programs decided in 2000, 2001 and 2002 and which gives the employees an opportunity to share an increase in the value of the company. The incentive program is further motivated by the opportunity to more easily recruit and retain qualified staff within the company and to create a common value system between the shareholders and the employees.

(b) Approval of the issuance of employee options etc.

Subscription rights according to section (a) above shall be utilised by the Subsidiary in order to secure the Subsidiary’s, or another company’s within the Biacore group, obligations pursuant to the employee options, which shall be issued mainly according to the terms stated below. The General Meeting of Shareholders is proposed to approve of the Subsidiary’s issuance of employee options involving a right to acquire shares in the company on the following terms and the Subsidiary’s forwarding of subscription rights to another company within the Biacore group for an equivalent utilisation.

Each employee option shall give the holder a right to acquire one share in the company from the entity, which the Subsidiary, or another company within the Biacore group, assigns. Payment shall be made with an amount corresponding to 100 per cent of the average last price paid for the company’s shares listed on the

Stockholm Stock Exchange during the period 30 April 2003 to 15 May 2003. Employee options shall be issued free of charge to employees within the Biacore group. Issuance of employee options presumes, however, that such issuance can be carried out legally and that such issuance, in the company's opinion, can be effected with reasonable administrative costs and financial stakes. Allotted employee options gradually give a right to acquire shares in the company. All options can be exercised three years after allotment. The employee options may be exercised up to and including 10 May 2008.

The Board will decide on the allotment in each individual case. No more than 10,000 options shall be issued to the CEO/managing director of Biacore International AB, no more than 5,000 options per person to other senior management, no more than 2,000 options per person to other key employees and no more than 500 options per person to other employees. Board directors who are appointed by the General Meeting of Shareholders, and who are not employed by the company, will not receive employee options and no allotment is guaranteed.

When issuing options as stated above the employee's achievement, position and importance for the Biacore group shall be considered.

The Subsidiary, or another company within the Biacore group, shall have the right to utilise the requisite number of subscription rights in order to cover certain costs, primarily social security contributions that arise in connection with a possible exercise of the employee options.

(c) Instructions and authorisations for the Board

It is proposed that the General Meeting of Shareholders authorises the Board to cancel the issue and the offer to the employees no later than 28 May 2003 in case market conditions or other circumstances are not considered suitable at this point in time.

For a decision according to this item 13 to be valid, it has to be supported by shareholders holding at least nine-tenths of the votes cast as well as nine-tenths of all the shares represented at the meeting.

Documents

Accounts and auditor's report and the complete proposal from the Board with respect to item 13 will be available for the shareholders at the company as from 24 April 2003, at which date the documents will also be available on the company's website, www.biacore.com. The documents will also be distributed free of charge to shareholders who request to receive them. In addition, the complete proposal from the Board with respect to item 13 will be automatically distributed to those shareholders who have given notice of attendance at the Annual General Meeting of Shareholders.

The documents will also be available at the Annual General Meeting of Shareholders.
