## **Gyros appoints Chief Financial Officer**

Gyros AB announced today the appointment of Björn Bontin as Chief Financial Officer and Investor Relations Manager within the company. Mr. Bontin comes from the business systems company IBS AB where he held the position of CFO and Investor Relations Manager.

"Mr. Bontin has long experience of working in publicly listed companies and brings with him a strong network within the financial and analytical world," explained Dr. Maris Hartmanis, CEO at Gyros AB. "In addition, his experience of working in growing companies within an international environment where advanced cash management skills are essential, is well-suited to the company's global ambitions."

Former Vice President for Finance and Administration, Mathias Brandhammar, has taken the position of Administration Director.

### **About Gyros AB**

Gyros miniaturizes and integrates laboratory applications, enabling scientists to generate more information from less sample and to improve lab performance. Using our proprietary technology platform, we increase productivity by streamlining the many steps of conventional applications into single, nanoliter scale procedures. Optimal environments are created for each application.

A Gyrolab microlaboratory, in the form of a compact disk, can process hundreds of samples in parallel, under the control of Gyrolab Workstation.

Our company will realize the full potential of the Gyros technology platform in the fields of drug discovery and diagnostics. Initial product offerings are focused towards the growing area of proteomics. Gyros has more than 90 employees working at its headquarters in Uppsala Science Park, Sweden and in sales offices in the USA and Europe.
