Trio signs million kronor deal with Telenor Mobil

Trio has signed an order worth several million SEK for capacity expansion of "ProffNett", Telenor Mobil's mobile office solution for the Norwegian corporate market. The order is for Trio Mobile Office, a concept for mobile operators that enables customers to switch, either partly or completely, from fixed to mobile telephony.

ProffNett is a part of Telenor Mobil's portfolio of value-added services aimed at corporate customers. The order enables Telenor Mobil to satisfy the needs for the growing amount of ProffNett users.

"Here at Trio, we share Telenor's delight at the success they have recorded with ProffNett. Trio's order is a direct result of this success", says Sverker Hannervall, CEO of Trio.

Trio Mobile Office enables either a direct or a gradual transition from fixed to mobile telephony and is available as a service from mobile operators. It is installed as a turnkey solution by Trio in the operators' networks.
