

## PRESS RELEASE

from Pricer AB (publ) December 19, 2003

### PRICER'S RIGHTS ISSUE FULLY SUBSCRIBED

The proceeds of Pricer's rights issue amounted to MSEK 55.4 before issue costs, of which a sum of MSEK 48.7 was subscribed on the basis of existing shareholders' prior rights. This means that some 88 per cent of the issue was taken up.

The remaining shares issued, which corresponded to some MSEK 6.7, were allotted to applicants wishing to subscribe without prior rights. As the subscribers were interested in subscribing to more shares than were available, the subscription was scaled down on a pro rata basis. The largest subscriber was Ennismore-Fond NGT. No shares were allotted on the basis of the guarantees provided by certain existing shareholders (Sagri Development AB, Purpose AB, Martin Bjäringer, Michael S. Juuhl and Sverre Hollie) and referred to in the issue prospectus.

A total of 11,760,016 series B shares were issued via the rights issue. Over and above this, 8,830,200 series B shares were issued via a placement with the guarantors of the rights issue. Following the issue, the share capital amounts to SEK 45,187,026.50 and the number of shares in issue to 451,870,265. Trading in the newly issued shares is expected to start on Stockolmsbörsen's "O" list around 5 February 2004. In accordance with the terms of the issue 110,760,016 warrants were allotted to the subscribers. The subscription period for these warrants runs from 31 May until 11 June 2004.

"The fact that this issue was taken up in full reflects the confidence of Pricer's shareholders in the company and its ability to become a profitable and successful enterprise," says Jan Forssjö, Pricer's President and CEO, who adds: "Now that we have strengthened our finances we can concentrate on the growing interest on the market, which will provide the conditions required to enable us to achieve the targets we have set for the coming years."
