

Frankfurt Chosen "Best Cargo Airport in the World" and "Number One in Europe"
Frankfurt/Main, Germany (ots) - CargoCity Frankfurt (the name of Frankfurt
Airport's cargo metropolis) has been selected "Cargo Airport of the Year", "Best
Cargo Airport in the World" and, for the third time, "Number One Air Cargo Hub
in Europe" by the London-based publication Air Cargo News. With approximately
100,000 readers worldwide, Air Cargo News (ACN) is a renowned trade publication
for the global airfreight industry.

In its application for this year's ACN competition, Fraport AG Frankfurt Airport
Services Worldwide, for the first time, presented the opinions of its customers
at CargoCity Frankfurt - airlines, forwarders, logistics providers and handling
companies - regarding the performance of Europe's largest air cargo hub. This
descriptive customer feedback provided the jury of experienced editors with a
complete picture of CargoCity Frankfurt. Convincing factors for the jury's
decision included CargoCity Frankfurt's comprehensive service offerings,
diversity of flight connections and its full range of ground transportation
links.
