

Bure Equity further reduces its exposure to venture capital

Bure continues to reduce its exposure to the venture capital sector by divesting Appgate Network Security AB. This is in line with the company's adopted strategy.

Today, 20 December 2004, Bure has divested its holding in Appgate Network Security AB to a group of private investors through its subsidiary, CR&T Ventures AB. The sale will not have any effect on Bure's results.

Gothenburg, 20 December 2004

Bure Equity AB (publ)
