*Hexagon AB is a global engineering Group with the long-term ambition of positioning itself as number one or number two within its strategic sectors. The operation is divided into four business areas: Hexagon Automation, Hexagon Engineering, Hexagon Metrology and Hexagon Polymers. The Group's targets are to increase earnings per share after tax by at least 15 per cent p.a., and achieve a return on capital employed higher than 15 per cent over a business cycle. Current turnover amounts to more than SEK 8 billion p.a.*
