

TDC and Song get new CEO in Norway

The present CEO of Song Networks Holding AB's (publ) Norwegian subsidiary, Ketil Kivedahl, is to head up the merger of TDC Norway and Song Networks in Norway.

"I am confident that both TDC Norway and Song Networks in Norway will stand even stronger after the merger. Ketil Kivedahl is the right man for the job of merging the two companies, which have both gone through an impressive turnaround," says Martin Lippert, Executive Vice President of TDC Business.

"Ketil will ensure continuity in our future Norwegian activities. He has delivered impressive results so far and I'm sure he will continue doing so in the new Song. So I'm happy to present Ketil as a member of my team", says Mats Lundqvist, Managing Director of Song Networks Holding AB.

48-year old Ketil Kivedahl has a degree in business economics from the University of Gothenburg and had management experience from companies such as Xerox and Tandem before joining Song Networks 2001.

"I am looking forward to the challenges and opportunities, which lie in front of us through stronger customer focus, and in this way, contributing to the strengthening of our position in the market", says Ketil Kivedahl.

The CEO of TDC Norway until now, Håvard Larsen, has chosen to resign from his position according to mutual agreement with TDC.
