

PRESS RELEASE

8 December 2005,

Radisson SAS Hotel in Disneyland Resort Paris: the attraction of wellness!

A remarkable hotel built in the centre of the Disneyland golf course, close to the attractions of the Disneyland Resort Paris park and featuring a Wellness centre combining beauty and body care.

The new Radisson SAS Hotel at the Disneyland Resort Paris, with its modern architecture structured around three principal wings covering 20,000 sq m, is located in the centre of the Disneyland golf course. It is surrounded by greenery, without any buildings to block the view, and provides its guests with the peace and quiet of wide open green spaces.

Besides the "leisure activities" aspect offered by its location within Disneyland Resort Paris, this new Radisson SAS 4-star hotel takes full advantage of its easy distance from Paris by putting the emphasis on spaciousness, peacefulness and greenery. In one word: wellness.

Spacious and modern, but above all cosy and highly practical, the Radisson SAS Hotel at Disneyland Resort Paris combines brilliantly the key features of traditional hotels (quality bedding, impeccable service, warm welcome, etc.) with the modernity of up-to-the-minute products (free broadband Internet access, Wellness Centre, contemporary furnishings, original layout, etc.).

A hotel with a twofold vocation: Leisure Activities and customized Business needs

Thanks to its location on the Disneyland golf course, the Radisson SAS Hotel at Disneyland Resort Paris is obviously aimed at a leisure and family clientele because it is so convenient for enjoying the attractions of Disneyland Resort Paris and particularly the Disneyland golf course. But, backed up by the rich experience and fame of the Radisson SAS brand at the service of business tourism, this new hotel also offers high-quality facilities for seminars, conferences and other professional events.

The hotel has thus been designed to cater to the needs of two kinds of guests: business people and those coming for leisure activities and, to ensure the greatest comfort for its clientele, the hotel is divided into distinct areas to suit them. One wing is dedicated to leisure guests, while a second one is built around facilities for business guests. This enables each

client to get the most out of their stay in an appropriate atmosphere: peace and quiet for those attending seminars, relaxation and fun for the holiday-makers.

Leisure Activities

- ♦ The Disneyland Resort Paris amusement park for which the hotel regularly proposes packages at preferential rates.
- ♦ The Disneyland 27-hole golf course where the hotel is located. Guests can benefit from packages combining golf and their stay at the best prices.
- ♦ Shopping at "La Vallée Village" discount shopping mall where the leading brand products are available at 33% off the normal price.
- ♦ Tourism in the Champagne region, as well as exploration of châteaux such as Fontainebleau, Ferrière en Brie and Vaux-le-Vicomte because the hotel is only 45 minutes from these superb tourist attractions.
- ♦ For children, the Radisson SAS Hotel at Disneyland Resort Paris proposes an indoor play room and an outdoor playground, family rooms, and a children's menu in the brasserie, "Rôtisserie Brillarde Birdie".

Business

- ♦ 618 sq m of adaptable seminar rooms.
- ♦ All the seminar rooms receive natural daylight.
- ♦ A plenary session room covering 315 sq m can seat up to 400 participants.
- ♦ This plenary session room can be used to exhibit a car for car manufacturers' product launches.
- ♦ Most of the seminar rooms have direct access to the terrace where relaxing drinks buffets for breaks can be organised.

Note: both the leisure and business guests can benefit from the new Radisson SAS service launched in September 2005: free broadband Internet connection.

The rooms: a blend of soothing colours

The Radisson SAS Hotel in Disneyland Resort Paris offers 250 rooms which include 9 junior suites of 60 sq m, 8 suites of 75 sq m and one presidential suite of 90 sq m. In each of the suites the bathroom has a shower and a bath-tub, and a second and separate toilet is accessible directly from the lounge for guests. The presidential suite has its own private jacuzzi room. The standard rooms cover 30 sq m.

The rooms and suites are on three floors, the first being reserved for smokers and the next two for non-smokers.

All the rooms are laid out according to the same principle: the bed area, office area, lounge area, wardrobe and bathroom, and decorated in two colour schemes. Light wood, dark wood, red and bordeaux tones are combined with blue and violet in some rooms, and with chestnut and orange in others. Decorative fixtures such as the mobile lamp-shades, the wooden bedhead with an inset photo or leather checkerboard, and the large wooden framed mirrors give each room a touch of refinement and modernity. The style of the bathrooms is pure white for a subdued and elegant atmosphere.

All the rooms have a flat LCD screen, free broadband Internet access as well as the different services available in all the Radisson SAS hotels: coffee maker, "one touch" service, a safe for your laptop, bathroom products with colourful designer packaging, etc.

The public areas: spacious and comfortable

The guests of the Radisson SAS Hotel at Disneyland Resort Paris are welcomed in the vast lobby located in the central part of the hotel that offers a fine view over the Disneyland golf course. Its cosy and modern design is in the contemporary style adopted by all the Radisson SAS hotels.

On the left, the "reception satellites" offer the guests a personalized and prompt welcome. In the centre, the large stone fireplace surrounded by comfortable armchairs announces the warm welcome that the hotel reserves for its clients. On the right, the "Chardon Bar" whose design combines wood, glass and a trompe-l'œil panel of bottles, is ideal for a drink at the fireside.

The hotel has two restaurants seating 80 and 270 guests. "Pamplemousse" offers French and exotic cuisine in an elegant setting of wood and green tones. It opens on to the terrace in summer. The "Rotisserie Briarde Birdie" brasserie, whose speciality is Brie poultry, has a very large dining area divided into "islands of tranquillity" by the wooden panels separating the tables.

In summer, the Barbecue area on the terrace is ideal for organising outdoor brunches and dinners. The terrace looks out over the hotel's kitchen garden where seasonal vegetables and fruits are cultivated all year round!

Room rate : 133€ / 91£ accommodation only, breakfast 20€ / 14£ per person

The Wellness Centre: well-being and fitness

Apart from the varied attractions offered by the Radisson SAS Hotel in Disneyland Resort Paris owing to its location and interior architecture, its Wellness Centre will be a special magnet for both business and leisure guests.

The Wellness Centre of the Radisson SAS Hotel in Disneyland Resort Paris covers 350 sq m entirely devoted to well-being and fitness. It offers guests a genuine rejuvenation cure thanks to its special body and beauty care range of services and the very latest equipment:

- ♦ a fully-equipped fitness room with its own lockers
- ♦ a sauna
- ♦ a hammam
- ♦ an indoor swimming pool
- ♦ 2 massage and body treatment rooms*
- ♦ a solarium*

** charge applied for treatment services*
