

## **Jan Danielson to be proposed as new board member at Medi Team**

At the AGM on 18 April 2000, a number of major shareholders are going to propose that the board of directors should be extended to include Jan Danielson, a former director of AB Volvo and the president of the Öresund Consortium and Eriksbergs Förvaltnings AB. Jan Danielson is chairman of the board of Industrial and Financial Systems IFS AB and Taxi Göteborg. He has been proposed as the new chairman of the board of Fingerprint Cards AB and is also a member of the board of a number of companies including Chalmers Invest AB.

Jan Danielson, who graduated as an engineer from the Chalmers University of Technology in Göteborg, is also chairman of the Chalmers Engineers' Association.

“We are delighted that Jan Danielson has made himself available as a member of the board of Medi Team. He has enormous industrial and international experience and can thus contribute valuable knowledge and expertise when it comes to the company's continued international expansion”, says Claes Holmberg, managing director of Medi Team.
