

PRESS RELEASE
ORESAs Ventures S.A. (publ)

Luxembourg, April 25, 2000

ORESAs Ventures' Annual Report for 1999 is being distributed to shareholders on Tuesday, 25 April 2000 and will be available as of 8 a.m. the same day for those interested at our web site

www.oresaventures.com.

The Board of Directors of ORESAs Ventures has decided that IT and Internet-related investments will be part of the company's investment strategy. In the opinion of the Board, information technology's rapid development will have a very positive impact on the countries in Central & Eastern Europe, and in particular Poland, where ORESAs Ventures is active. This will lead to very interesting investment opportunities within the IT and Internet area for ORESAs Ventures, which is described in greater detail in the Annual Report.
