This is Svedala

Svedala is a world-leading supplier of equipment, service and components to the construction and mineral processing industries. Svedala's sales are made through its own Svedala House organization, which comprises 200 sales and service units in some 50 countries, and through a well-established network of dealers and distributors worldwide.

The Group's complete range of equipment for extraction and handling of bulk minerals means that Svedala can offer customers total solutions for more efficient and reliable processes.

In addition, Svedala has the broadest range of wear and spare parts on the market.
