## **HiQ best at IR - Best listed company and best IR Manager in the Mid-Cap sector**

Yesterday evening (November 27), Affärsvärlden business weekly and Regi presented the results of their annual IR Nordic Markets ranking that ranks the Investor Relations of the Nordic listed companies. HiQ was awarded the prize for the “Best Mid-Cap company”, and HiQ also received the prize for the best “Mid-Cap IR Manager” which went to HiQ's Annika Billberg.

“It is a fantastic feeling to receive these prizes. They are significant acknowledgments, yet at the same time provide an incentive for us to continue working to become even better at IR,” says Lars Stugemo, President and CEO of HiQ International.

This is the tenth year that the Regi ranking has taken place, and it is the most comprehensive study focussing on Nordic IR. 314 Nordic and British analysts assessed the companies that they are actively monitoring. HiQ has now been named the best Mid-Cap company for the second year in a row.

“We are making a concerted effort to be accessible at all times and to provide good service to the share market, which is an important target group. However, we can always do better and improve our communication in line with the continuing growth and change in the new media landscape. We have a good team working with this important area - a condition for being able to do a good work,” says Annika Billberg, IR Manager and Head of Corporate Communications at HiQ, who is currently on maternity leave.
