neonInsight 5.1 Released

Nexus Messaging Solutions (formerly Verimation), a leading developer of messaging and collaboration software based in Sweden, today announced the release of neonInsight 5.1.

neonInsight offers the latest in standards-based access to mail, contacts, calendar, tasks and notes from a wide variety of clients and devices. With the neonInsight Outlook Connector, neonInsight offers similar functionality to Outlook users as Microsoft Exchange.

“We’re very excited about this release”, said Jan Wallgren, Managing Director of Nexus Messaging solutions. “neonInsight offers scalability, reliability and advanced functionality to everyone from the smallest companies to the largest service providers. There is just nothing like it on the market today.”

neonInsight 5.1 is available for trial download at
