Interim report January – March

April 24, 2008

# Swedbank Mortgage

JANUARY – MARCH 2008 IN SUMMARY

(comparative figures refer to the corresponding period previous year)

- Operating profit amounted to SEK 736m (1,039)
- Lending increased by nominal SEK 7.4bn (12.0) and amounted to SEK 569bn (522)
- Credit risk in the portfolio remains very low

The Swedbank Mortgage Group (in Swedish: Swedbank Hypotek), comprises the parent company, Swedbank Mortgage AB (publ), and the wholly owned subsidiary Swedbank JordbrukskreditAB. The Swedbank Mortgage Group is wholly owned by Swedbank AB (publ).

Swedbank Mortgage provides long-term financing for housing, commercial properties, municipal investments and agricultural and forestry properties.

## Profit analysis

Operating profit for the period amounted to SEK 736m (1,039) and net interest income amounted to SEK 872m (1,056). The price competition in the market is continuously high, and older loans with fixed interest rate are renewed with lower margins. Another explanation to the reduction in net interest income is Swedbank Mortgage's decision to hold extra liquidity due to the turbulence on the financial markets, which has resulted in a higher cost for liquidity.

## Lending and funding

As of March 31, 2008 Swedbank Mortgage's loans to the public amounted to SEK 568,959m (521,979), of which the change in the market value of the loans accounted for SEK -3,418m (-1,690). The increase in volume reflects the lower activity in the market during the last months and amounted to SEK 7,436m (12,022) for the first quarter of 2008. Swedbank Mortgage's total market share was approximately 30 percent (30) as per February 29, 2008.

Of the total funding, 40 percent has been issued in foreign money and capital markets (47).

## Expenses and loan losses

Commission expenses, which are paid to the savings banks and partly owned banks, amounted to SEK 121m (129). Operating expenses amounted to SEK 12m (17).

Credit risk in the portfolio remains very low. Recoveries from previous provisions exceeded new losses and provisions, why loan losses net affected the earnings positively with SEK 6m (30). Provisions for anticipated loan losses amounted to SEK 74m (84) as of March 31, 2008. Loan losses and loans are further specified in notes 2 and 3.

## New capital adequacy rules

New rules on capital adequacy and large exposures, Basel 2, was introduced during 2007. During 2008 and 2009, transitional rules will apply, but full effect of Basel 2 will be achieved from 2010. For Swedbank Mortgage, the new capital adequacy rules will gradually mean lower capital requirements since the mortgage area is characterized by very low risk. According to the new rules, the capital requirement, excluding supplement, amounted to SEK 5,545m as per 31 March 2008, which can be compared to SEK 26,621m according to the old rules. According to the new rules and current transitional rules, the total capital adequacy quotient amounted to 1.12 as of March 31, 2008 (1.11 as per December 31, 2007) and the capital adequacy ratio amounted to 9.0 percent (8.9 as per December 31, 2007), of which the tier 1 capital ratio was 8.6 percent (8.2 on December 31, 2007).

A specification of capital adequacy is provided in note 7.

## Interest rate risk

An increase in market interest rates of one percentage point as of March 31, 2008 would have reduced the value of Swedbank Mortgage's interest-bearing assets and liabilities, including derivatives, by approximately SEK 384m (498).

A one percentage point increase in market interest rates would have decreased net gains and losses on financial items at fair value by SEK 228m (22), referring to the financial instruments measured at fair value.

## Risks and uncertainties

The risks are primarily credit risk, financial risk and operational risk. Swedbank Mortgage maintains a low-risk profile through a well-diversified credit portfolio and limited financial and operational risks.

In addition to what is stated in this interim report, a description of the company's risks is provided in the annual report for 2007. No significant changes have taken place with regard to the distribution of risks compared with what is stated in the annual report.

## Accounting policies

The interim report for the group has been prepared in

accordance with IAS 34 Interim Financial Reporting. The parent company, Swedbank Mortgage AB, prepares its accounts according to the Annual Accounts Act for Credit Institutions and Securities Companies, the directives of the Financial Supervisory Authority and recommendation RR 32:06 of the Swedish Financial Accounting Standards Council (replaced by the Financial Reporting Council as of April 1, 2007).

The accounting policies agree with those applied in the most recent annual report.

**Financial reporting**

Swedbank Mortgage's interim report for the first six months of 2008 will be released on 17 July 2008.

**Covered bonds**

On April 21, 2008, Swedbank Mortgage converted to covered bonds as its primary funding source. The transition took place through a conversion of outstanding long-term funding to covered bonds with AAA rating from Standard and Poor's and Aaa rating from Moody's.

## Capital adequacy

For Swedbank Mortgage the new capital adequacy rules mean that the minimum capital requirement for credit risks now, with the permission of the Financial Supervisory Authority, will be based on an internal risk measurement according to the Internal Ratings Based Approach ("IRB") established by Swedbank. For a small portion of lending the capital requirement for credit risks is calculated according to the older rules. The capital requirement for operational risks is, with approval of the Swedish Financial Supervisory Authority, calculated with the standardized method.

Special transitional rules that apply during a transitional period through 2009 gradually reduce the capital requirement owing to the new rules. The transitional rules mean that the minimum capital requirement in 2008 and 2009, shall not be less than 90 per cent and 80 percent, respectively of the capital requirement calculated according to the older rules.

The financial companies group Swedbank Mortgage comprises Swedbank Mortgage AB and Swedbank Jordbrukskredit AB.

### **Review Report of interim financial information**

#### **Introduction**

We have reviewed the interim report for the period January 1 to March 31, 2008, for Swedbank Mortgage AB (publ). The Board of Directors and the CEO are responsible for the preparation and presentation of this interim financial information in accordance with the Annual Accounts Act for Credit Institutions and Securities Companies and IAS 34. Our responsibility is to express a conclusion on this interim financial information based on our review.

#### **Scope of review**

We conducted our review in accordance with the Standard on Review Engagements SÖG 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing in Sweden RS and other generally accepted auditing practices. The procedures performed in a review do not enable us to obtain a level of assurance that would make us aware of all significant matters that might be identified in an audit. Therefore, the conclusion expressed based on a review does not give the same level of assurance as a conclusion expressed based on an audit.

#### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information for Swedbank Mortgage AB (publ) is not, in all material aspects, in accordance with the Annual Accounts Act for Credit Institutions and Securities Companies and IAS 34.
