Invitation to attend Press conference

Bofors Weapon Systems reinforces its position of world leader in Intelligent Ammunition

Governor Frank Keating, Oklahoma, visits Karlskoga

Bofors Weapon Systems in Karlskoga, now owned by the US company United Defense, is reinforcing its position as the world leader in the field of Intelligent Ammunition. At a press conference in Karlskoga on Wednesday September 13th, Mr Magnus Ingesson, President of Bofors Weapon Systems, and Mr David K Wallestad will present the companys' continued investment in Intelligent Ammunition products.

Governor Frank Keating from the State of Oklahoma, USA, will also participate at the press conference. Governor Keating is visiting Karlskoga on Wednesday, in order to inform himself on recent developments within Bofors Weapon Systems. Oklahoma is the State where Fort Sill is located, and that is where the new future artillery system is being developed, and also where the interest in Intelligent Ammunition is steadily on the increase

Date: Wednesday, September 13th, 1415 hours.

Location: Stallet, Bofors, Karlskoga

Participants: Magnus Ingesson, President Bofors Weapon Systems
David K Wallestad, Vice President United Defense
Mr Frank Keating, Governor Oklahoma State, USA.

It will be permitted to take photographs, and there will time allowed for questions after the press conference. Material will be made available to the press. Coffee will be served.

Contact person:

Lennart Borné, Information officer, Bofors Weapon Systems.
Tel. 0586-81919, mobile 070-653 58 39.

Route description:

Stallet is located near the Bofors Head Office in Karlskoga, adjacent to the E18 main highway.

From Stockholm: Drive through the traffic signals at the Statoil Service Station and then turn left at the next set of traffic signals. Stallet is the white building immediately on the left side of the road.

From Karlstad/Oslo: Follow E18 highway through Karlskoga until you come to the third set of traffic signals where you should turn right. Stallet is the white building immediately on the left side of the road.
