27 August 2008 – 08.00 am

Peab Industri receives order worth SEK 90 million from the Swedish Road Authority

Peab Industri has received an order for surfacing and reinforcement works from the Swedish National Road Authority, Vägverket Region Mitt. The order value amounts to SEK 90 million.

Peab Industri has earlier this year received an order from the Swedish Road Authority in the same region amounting to SEK 68 million, to be carried out during 2008.

– It is a matter of great satisfaction that we have received yet another large order from the Swedish Road Authority, says K-G Karlsson, deputy CEO of Peab Industri. Through this and the previously received order from the Swedish Road Authority in combination with our long term contracts with the municipalities of Sundsvall and Timrå we have a strong position on the market in the south of Norrland.
