**Press Release October 30, 2000**

## **New General Manager Manufacturing at PartnerTech**

Leif Plate will, during the month of November, assume the new position as General Manager Manufacturing at PartnerTech. Leif Plate will have the comprehensive responsibility of all the manufacturing plants within PartnerTech

Leif's previous position was at Lear Corporation, where he was Vice President for Manufacturing Operations Division, and CEO of Lear Sweden.

PartnerTech AB develops and manufactures electronic products on contract basis to leading growth companies, primarily within the fields of telecommunications, information technology and medical technology. The company has a total of approximately 1 000 employees in Sweden and abroad, and is listed on the Stockholm Stock Exchange O-list.

For further information please contact PartnerTech's CEO, Mikael Jonson on +46 10 26 41 or +46 70 678 10 01.
