About Tele1 Europe (NASDAQ: TEUR, Stockholm Stock Exchange: TEUR)

Tele1 Europe is a fast-growing data and telecommunications operator with operations in Denmark, Finland, Norway and Sweden. The group's business concept is to offer broadband solutions for data, telephony and the internet to large and medium-sized business and organisations in the Nordic countries. Tele1 Europe is currently the only Nordic data and telecommunications operator investing in local access networks with broadband capacity. This construction is taking place in the nine largest cities in the Nordic countries. The access networks, which are linked together with a long-distance network, will be Europe's fastest "motorway" for data and internet traffic with an initial capacity for customers of up to one gigabyte. <http://www.tele1europe.com>
