Mayfair runs a range of annual training courses for its registered agency nurses at prices from just £8.23 for on-line web learning. Nurses training includes: Basic Life Support, Manual Handling, Fire Safety, Health and Safety (1974 and 1999 Acts) including Risk Incident Reporting, COSHH, RIDDOR, Infection Control, Lone worker, Handling of Violence and aggression, Food Safety, Information Governance, Data Protection & Caldicott and POVA.

Mayfair was formed in 1998 to engage Cardiothoracic and other specialist healthcare staff for their individual professional skills and experience. Mayfair specialises in understanding the specific staffing requirements of each healthcare service provider and then matching the brief from the available skills and knowledge of the medical staff who are registered with the UK nursing agencies in the group.

Service features for Cardiothoracic and other medical staff, says director Adam Streeter, include identifying the right assignment for the professional concerned to ensure work needs and choices are met consistently, in every placement. Professional and personal support is provided so that, as one of the leading UK nursing agencies, Mayfair can ensure each assignment is the right choice for the nurse and the client concerned.

Mayfair has Cardiothoracic nurses jobs in England, Scotland and Northern Ireland – including Belfast, Birmingham, Bradford, Bristol, Coventry, Edinburgh, Glasgow, Leeds, Leicester, Liverpool, London, Manchester, Nottingham, Sheffield, Sunderland and Wakefield.

Register with Mayfair for all nursing agency jobs specialisations in addition to Cardiothoracic – the range includes ITU, HDU, CCU/Cardiac, Theatre, ODP, Paediatrics, PICU, SCBU, NICU, Renal/Dialysis, A&E, Acute Medical, Surgical, Midwives and Dental staff.
