

Grosvenor Nursing Jobs for SPLD Learning Disabilities Nursing

[Grosvenor Nursing](#) has nurses jobs nationally for SPLD Learning Disabilities staff. Grosvenor is one of the UK's leading nursing agencies for temp staff provision for mental health care services. It provides high quality mental healthcare staff nationwide through its network of offices. For information, qualified nurses and HCAs should register contact details on-line only in the first instance at [Grosvenor Nursing](#).

In addition to SPLD, Grosvenor supplies HCA health care workers for short, medium and long term assignments. Amongst the top UK nursing agencies, Grosvenor recruits specialist mental health nurses and general nurses for permanent posts and provides an emergency support service, to meet demand at very short notice.

Established in 1986, Grosvenor has a reputation for delivering consistent service to clients - including HM Prison Service, Primary Care Trusts and Mental Health Trusts.

Nursing agency jobs are currently available for the following positions: SPAN Special Practitioner Adult Nursing, SPMH Mental Health, SPCN Children, SPLD Learning Disabilities; SPGP General Practice; SCMh Community Mental Health; SCLD Community Learning Disabilities. Also SPCC Community Children; SPOH Occupational Health; SPSN School; V100 Independent Nurse Prescribing; V200 Extended Prescribing; V300 Extended/Supplementary Prescribing; and LPE Lecturer/Practice Educator.

Note to Editor

The umbrella term specific learning difficulties (SPLD) is used to cover a wide variety of difficulties. Many people use it synonymously with dyslexia (a difficulty with words), but it is now generally accepted that [dyslexia](#) is only one of a group of difficulties that may include

- [dysgraphia](#): writing difficulty
- [dyspraxia](#): motor difficulties
- [dyscalculia](#): a difficulty performing mathematical calculations
- [Attention deficit disorder](#), or attention deficit hyperactive disorder (ADD or ADHD): concentration difficulties with heightened activity levels and impulsiveness
- [Asperger's syndrome](#) and autism: emotional behaviour or even social communication difficulties.
