

News at MSPO 2011

Kielce, Poland 5-8 September

KONGSBERG

Kongsberg, 1 September 2011

KONGSBERG displays for the first time to the public the new Polish Navy NSM Coastal Squadron Missile System. The system returns directly from successful test firings in the United States in June 2011, demonstrating all requirements, to be displayed at the MSPO in Kielce, Poland.

This is an opportunity to see and explore by first-hand the new equipment starting deliveries in 2012. Together with polish industry we are proud to be part of the NSM Coastal Missile Squadron which will protect and defend the polish homeland for many years.

At the MSPO You may also see a battery of the NASAMS air defence system. The display is supported by experienced officers from the Royal Norwegian Air Force.

Visit KONGSBERG at indoor stand E-9 and outdoor stand ZC-8 for Press Kits, more details and demonstration.
