### **Reorganization of Haldex**

According to the press release of July 16, 2010, the Haldex Board proposed a demerger of the company whereby Haldex's divisions would become independent listed companies.

The demerger process was finalized in June 2011 and left within Haldex, after the divestment of Traction Systems Division (January 31, 2011) and Hydraulic Systems Division being listed as a separate company under the name Concentric (June 16, 2011), is the Commercial Vehicle Systems Division.

Consequently, values have been transferred from Haldex Group, to the shareholders as described below.

- A shareholder in Haldex that held shares as per June 8, 2011, has received an equivalent number of shares in Concentric AB.
- A shareholder in Haldex that held shares as per June 29, 2011, received an equivalent number of redemption shares, that were redeemed for SEK 30 as per July 28, 2011.

The costs consist mainly of legal expenses, expenses incurred in conjunction with tax advisory services and accounting, expenses in relation to modification of the IS/IT system, listing costs and restructuring costs (including severance pay).

#### Discontinued operations

On December 17, 2010, Haldex reached an agreement with BorgWarner Inc. concerning the divestment of the Traction Systems Division. The transaction was finalized on January 31, 2011.

In a previous press release, Haldex AB's Board stated that it intended to propose a demerger of the Group, whereby the Hydraulic Systems Division would be listed as an independent company. The Haldex Group was restructured during 2010 and 2011, and in June 2011 the Hydraulic Systems Division was listed as separate company.

In the income statement for 2010 and 2011, both divisions – Traction Systems and Hydraulics Systems – are reported as discontinued operations. Also, the capital gain from the divestment of the Traction Systems Division, revaluation of Hydraulic Systems net assets and all costs attributable to the Group restructuring are classified as discontinued operations.

#### Segment reporting

Since Haldex has a new management and two of the divisions now have been divested, the internal reporting and review has been changed. Haldex Group now has two segments Air Controls and Foundation Brake. Since the two segments have similar businesses, customers and long-term operational margins the two segments are aggregated and presented as one segment.

#### Distribution of Hydraulic Systems Division to the Shareholders

The distribution of Concentric (former Hydraulic Systems Division) is reported as a reduction of equity, corresponding to the market value on the divested business. By the time of the dividend the net assets were realized and reported as a revaluation in the Income statement corresponding to the deviation between fair-value and book-value on the operations net assets.
