

New RMN Jobs at NSUK for Agency Nurses: Nursing Jobs and Services

NSUK is now recruiting RMN staff nationwide – as well as staff for other care and nursing posts, HCA, RN, RGN, EN, SEN, ENG, ENM, RSCN, RFN, RM, Midwives and also RHV personnel.

RMN and HCA nursing agency staff can now manage their work and compliance on the internet with the advanced systems operated by [Nursing Services of the UK](#) – amongst the nursing agencies approved by NHS Buying Solutions. Nurses registered for nursing agency jobs with NSUK have personal on-line diaries to advise the NSUK of their availability for work. There are nurses jobs alerts by SMS too – and automatic notifications by e-mail when mandatory training and annual registrations fall due. See www.nsofuk.com and www.facebook.com/nsofuk and <http://twitter.com/a24nsuk>.

NSUK was launched in 2009 to provide the same high quality agency service that many medical staff and healthcare providers have enjoyed with the agency in South Africa for over 60 years.

Employers of RMN staff benefit from one of the UK's most advanced compliance systems to meet their temporary staffing needs, with safety and security in mind. Features of the NSUK service now include: full ICT safeguards and support for compliance and booking; nurse registration backed by face-to-face interviews and full credentials and CRB checks; detailed 23-page career questionnaire and check on four named referees; and career proof of certification.

RMN nurses jobs are available nationwide – the listed range is HCA, RN, RGN, EN, SEN, ENG, ENM, RSCN, RFN, RM, Midwives and RHV staff.
