

Press Release. Verbatim's new 3TB SuperSpeed External Hard Disk Drive

The [Verbatim](#) Store 'n' Save USB 3.0 desktop hard drive features high performance storage using a USB 3.0 "SuperSpeed" interface and providing up to 3TB of storage capacity. USB 3.0 delivers bus speeds of up to 4.8Gbit/sec – a ten-fold increase in performance compared to existing USB 2.0 connections – making it ideal for both home- and office-based users who want to transfer large files. For added security the Store 'n' Save includes Nero BackItUp and Burn Essentials software. It can be placed flat or on its side to help create more space on your desktop.

- USB 3.0 SuperSpeed data transfer with transfer rates of up to 4.8Gbit/sec – 10 times faster than USB 2.0
- Sleek black design that can be laid flat or on its side
- 1TB, 2TB and 3TB storage capacity for thousands of digital photos, videos, MP3s
- Backwards compatible with USB 2.0 host devices at USB high speed.
- Nero BackItUp and Burn Essentials' software
- Green Button energy-saving software
- Free technical hotline support

For added security Nero BackItUp and Burn Essentials enables to back up all files whenever wanted or starts the auto back up at a set time for added security. It also gives the option to burn files to CD or DVD or to recover damaged files. Verbatim Hard Drives also come with Green Button energy saving software. Green Button software suspends the hard drive from spinning while not in use increasing efficiency and saving energy.
