

SEN Jobs at Ambition 24hours in November

[Ambition 24hours](#) has a range of nursing agency jobs for SEN State Enrolled Nurses available in November and December 2011. Ambition offers high rates of pay – amongst the highest of all UK nursing agencies - because of a reputation for providing specialist staff at very short notice, when other agencies fail, it says. Ambition was the first to offer a full 24-7 service, 365 days a year service.

UK employers of SEN State Enrolled Nurses staff select Ambition 24hours for temporary staffing because the agency offers an advanced system for UK compliance and safety in the management and booking of staff, it says:-

- ICT: a unique staff management system, Enterprise, developed for nursing and HCA registration, compliance, selection and booking, results from 100,000 hours of development time in-house over five years.
- Staff selection: agency nursing and HCA healthcare staff are selected for shifts from verified data recorded on Enterprise ICT. Agency consultants can match the exact requirements of clients according to staff qualifications, experience and availability.
- Registration and compliance: face-to-face interviews are mandatory to confirm language ability; completion of a 20 page registration form is required including full details of career history and qualifications; four referees; original 'right to work', qualifications and training certificates; and an employer's report.
- Compliance team: more than 100 dedicated staff obtain verified professional references from past employers, carry out Occupational Health checks for fitness to work, verify professional qualifications, apply for CRBs, and confirm mandatory training is certificated. A Quality Control team re-checks all data.
- Safeguards: Enterprise only allows selection of agency staff after completion of registration: all relevant, employment, training & CRB checks and references are fully confirmed; and the work record is checked, verified again and finally cleared.

UK qualified nurses and HCAs should register their contact details on-line in the first instance at www.ambition24hours.co.uk - also see Facebook www.facebook.com/Ambition24hours and Twitter <http://twitter.com/ambition24hours>

Currently Ambition 24hours has nursing jobs available nationwide. In addition to SEN State Enrolled Nurses personnel there are daily placements for HCA healthcare assistants – and RN Registered Nurses, RGN Registered General, RMN Registered Mental, EN Enrolled; ENG Enrolled General, ENM Enrolled of Mental Health, RSCN Registered Sick Children's; RFN Registered Fever, and RM Registered Midwives and RHV Registered Health Visitors.

SEN State Enrolled Nurses workers are provided for a range of healthcare settings: Primary Care GP surgeries; A&E Accident & Emergency; ITU Intensive Treatment Unit; ICU; Intensive Care Unit; HDU High Dependency Unit; CCU Cardiac Care Unit; SCBU Special Care Baby Unit; ENT Ear Nose & Throat; Renal Dialysis, Theatre and Maternity. Other wards for which nursing agency and HCA staff are provided include: Recovery, Oncology, Acute Stroke, Neuro Rehabilitation, Surgical, Medical, Neurology and Ophthalmology.
